Conceptual - Recommended Projects Checklist

Ky Excel Project Recommendation List	Mentoring & Technical Assistance	Conservation	Education	Energy Efficiency	Financial Support	Performance Improvement	Restoration	Waste Reduction	Public Health
Actively support Low Impact Development, Regional Planning, Smart Growth, Growth Readinesss, etc. projects	x	x							x
Adopt a Highway		x					x		x
Adopt-a-stream project with minimum annual event		x					x		x
Advertise "Clean Air" lawn care solutions		x					x		x
Advertise Nature's Finest plates					x				
Agree to care & protect a property listed as a Natural Area		x							
Agree to Conservation Easement on company owned high quality natural areas		x							
Agree to Steward a natural area, either hands-on or by providing funding for seasonal staff		x							
Assist county in developing a Brownfields inventory	x					x			
Assist implementation of TMDL's	x	x							
Assist or donate to Watershed Watch or Water Watch	x				x				
Assist Schools in Addressing Environmental Issues	x					x			
Assist Schools in Green & Healthy School Inventory	x		x						
Bacon Creek BMP Design & Installation	x								
Bacon Creek Install/Reactivate Gaging Stations	x								
Be designated a "Certified Environmental Developer"		x							
Be the contact/coordinator for Firewise Community									x
Become a "Best Workplace for Commuters" (provide carpool options, preferred parking for carpools and alt fuel vehicles, bike racks, showers for bicyclists,etc. see				x					
Become an Energy Star Partner				x					
Build a Butterfly or Bird Garden		x							
Clean up a dump site							x		
Collect, Haul, and Recycle Waste Tires							x		
Complete a stream restoration project									
Complete a wellhead protection project		x							x
Complete an energy efficiency initiative				x					
Complete or support a crumb rubber project								x	
Comply w/MACT Standard prior to requirement						x			x

Conceptual - Recommended Projects Checklist

Ky Excel Project Recommendation List	Mentoring & Technical Assistance	Conservation	Education	Energy Efficiency	Financial Support	Performance Improvement	Restoration	Waste Reduction	Public Health
Conduct Hydraulic Analysis for waterline extension	x								
Contribute to a Resource Conservation District mapping project	x				x				
Contribute to equipment or materials for a natural area maintenance projec	x	x							
Convert from fossil fuel to alternates				x					
Cooperatively fund a USGS gaging station	x								
Create no-smoking policy for all campus buildings									x
Develop "where to recycle" information for distribution			x						
Develop a trail system with signage			x						
Develop a Watershed Basin Plan for Rough River Lake	x	x							
Develop an ecological subdivision						x			
Develop an Ozone Garden							x		x
Develop and offer environmental and sustainability awareness training to interested groups(including other members)			x						
Develop outdoor classrooms focused on water			x						
Develop plans & bid specs for landfill closure	x						x		
Develop Watershed Basin Plan for Dawson Springs	x	x							
Donate bottled water during boil water advisory or for people in need of a clean water supply									x
Donate equipment and labor for a clean-up project					x		x		
Donate money to the Heritage Land Conservation Fund (land purchases)		x			x				
Donate power/discounts to small DW systems in schools					x				
Educate public about water source protection			x						
Educate public on drinking water science			x						
Educate school children on drinking water science			x						
Educational support for Drinking/Sanitary Water Treatment Operators (teach, schlarships, etc.)	x		x						x
Establish a linen reuse program for hotels					x				
Facilitate/host networking group of area environmental	x		x						

Conceptual - Recommended Projects Checklist

Ky Excel Project Recommendation List	Mentoring & Technical Assistance	Conservation	Education	Energy Efficiency	Financial Support	Performance Improvement	Restoration	Waste Reduction	Public Health
Form or contribute to a Kentucky Natural Lands Trust		x							
Franklin Co. Be Healthy Be Safe Environmental Park			x						x
Fund a project to eliminate straight pipes					x				x
Fund a school bus retrofit				x	x				
Fund an educational initiative on native plants vs. exotic			x		x				
Fund an environmental research project through the Small Grants Program			x		x				
Fund an local environmental organization (BG Pride)					x				
Fund Governor's scholars to assist schools in environmental projects					x				
Gas Cap Testing/gas can give-away sponsor					x				
Give presentation on water quality and economic benefits			x						
Help with closure for local small historic landfills							x		x
Implement a specific recommendation from an area	x				x				
Implement anti-idling policy for fleet vehicles				x					
Implement green building practices				x					
Implement green purchasing policies				x				x	
Implement water use efficiency programs								x	
Increase marketing & use of recycled materials								x	
Initiate voluntary "add on" program to company billing		x			x				
Install a wind break downwind of odors							x		
Install an emergency alert (call) system									x
Install natural barriers							x		
Install pervious pavement (non-Karst applications)							x		
Jennings Creek Water Quality Monitoring support	x				x				
Join a STAR (toxics reduction) program								x	x
Join a watershed/basin coordinators team in your area		x							x
Lawn care for cleaner air promotion (save water, pesticide, fertilizer, less mowing, less fuel)				x				x	

Conceptual - Recommended Projects Checklist

Ky Excel Project Recommendation List	Mentoring & Technical Assistance	Conservation	Education	Energy Efficiency	Financial Support	Performance Improvement	Restoration	Waste Reduction	Public Health
Lead an exotic/invasive species removal project							x		
Lead an Urban Forestry project (street trees, parks)							x		
Locate business/industry in an area where DW lines are									x
Maintain a natural area trail		x							
Make a Donation to the Pride Fund					x				
Make an existing building environmentally educational			x						
Measure Diesel Particulate in an urban area	x								x
Mentor/coach another member	x								
Minimize a hazardous waste stream								x	
Offer rebates on Energy Star products				x	x				
Own a Commonwealth Cleanup Week project							x	x	
Parking Lot Swale development that includes pollution							x		
Participate in E2/P2/TDI focus groups				x				x	
Participate in KPPC E2/P2 technology diffusion initiative				x				x	
Participate/Join in Watershed planning in community						x			x
Plant trees on a school campus			x				x		
Promote the Clean Counties program challenge							x	x	
Provide an indoor air mold study in a school	x								x
Provide BMP Training to Prevent Surface Mine Runoff			x						
Provide classroom education on water quality and watershed mngt. w/DEP approved curriculum			x						
Provide equip/labor to install water lines for a small drinking water system	x				x				x
Provide expertise, materials, resources, or funding support to build a High Performance School	x			x	x				
Provide Financial Support for Brownfields economic					x				
Provide free septic pumpouts & inspections in unsewered areas					x				x

Conceptual - Recommended Projects Checklist

Ky Excel Project Recommendation List	Mentoring & Technical Assistance	Conservation	Education	Energy Efficiency	Financial Support	Performance Improvement	Restoration	Waste Reduction	Public Health
Provide native plants for revegetation projects							x		
Provide programming expertise to build recycling data	x								
Provide tech assistance, design, and/or obtain contruction permits for a small drinking water system	x								
Provide tech assitance to find & stop water leaks	x								
Provide technical assistance to small communities with	x								x
Provide training on industrial spill containment			x						
Provide training opportunities for DWM staff			x						
Purchase recycling equipment for city or county								x	
Purchase recycling equipment for own use								x	
Recruit more involvement from others in watershed	x								
Reduce # Historical Exceptions						x			
Reduce TRI Emissions						x			x
Reduced specified air pollutants beyond requirements-						x			x
Reforest a deforested area							x		
Remove asbestos from a school or a community facility									x
Retrofit off-road equipment to reduce emissions				x					x
Reuse ash in construction materials								x	
Select and reduce a solid waste stream								x	
Sponsor local household haz waste collection					x			x	
Sponsor "Perils of Pollution" puppet show			x		x				
Sponsor a Clean Air contest for the public (billboard,			x		x				
Sponsor a DAQ media campaign on air quality			x		x				
Sponsor a Healthy Forest project or semina		x	x		x				
Sponsor a solar energy project			x	x	x				
Sponsor a stop open burning campaign			x		x				x
Sponsor a wastewater monitoring station					x				
Sponsor airtime for an environmental public service			x						
Sponsor an air monitoring site					x				
Sponsor an electronics scrap collection event					x			x	
Sponsor an environmental study for a local issue					x	x			

Conceptual - Recommended Projects Checklist

Ky Excel Project Recommendation List	Mentoring & Technical Assistance	Conservation	Education	Energy Efficiency	Financial Support	Performance Improvement	Restoration	Waste Reduction	Public Health
Sponsor Health Screenings					x				x
Sponsor KPPC workshop on E2, P2, or EMS				x	x			x	
Sponsor LCD Traffic Light(s)				x	x				
Sponsor media campaign to conserve electricity				x	x				
Sponsor mold remediation in schools					x				x
Sponsor National Energy Education Development school project			x	x	x				
Sponsor or conduct Erosion Control Workshops	x				x				
Sponsor or Teach a Watershed Workshop; Sponsor a	x				x				
Sponsor recycle giveaways for schools, scouts, etc.			x		x				
Sponsor truck stop electrification				x	x				
Sponsor Youth Environmental Summit			x		x				
Sponsor/participate in America Recycles Day			x		x			x	
Sponsor/participate in Earth Day events			x		x				x
Sponsor/Participate in National Pollution Prevention					x			x	
Stinking Creek Watershed Education & Outreach	x		x						
Study alternate uses for waste streams (ex. tires)								x	
Supply training and/or computer equipment to small water systems	x								x
Support priority watersheds to reach water quality objectives					x		x		
Support stream mitigation programs (site,funds,design)					x		x		
Support the development of waste & water services at the SBDC									x
Support the tax check-off program (advertise)		x			x				
Support/sponsor Growth Readiness training event			x		x				
Target low impact development methods to protect wate						x			
Train UST owners on compliance	x								
Use Hybrid or Alternative fuels for fleet vehicles				x					
Use social marketing to encourage behavior change			x						

Conceptual - Recommended Projects Checklist

Ky Excel Project Recommendation List	Mentoring & Technical Assistance	Conservation	Education	Energy Efficiency	Financial Support	Performance Improvement	Restoration	Waste Reduction	Public Health
Use Tire Derived Fuel								x	
Volunteer to act as a monitor/custodian for a nature preserve area	x								
Volunteer to Maintain Data Base information	x								
Wastewater utility accept septage if capacity allows									x
Wastewater utility administer SRF individual loan for on-					x				x
Wastewater utility establish a Pride program			x						
When appropriate, identify SEP that fulfills project requirements	x								
Work with garden centers to distribute lawn care info.			x						
"Be Healthy, Be Safe Environmental Park"			x						x
